

## Wheelie Bin Summary Specification and Pricing Sheet

### Features

- Manufactured and tested to EN840 - DIN30700. (EN840 is the Europe wide standard for emptying interoperability and handling safety).
- Extra strength comb lift bar.
- Made from virgin material only for extra strength and life.
- Full thickness “flat body” design (Some other bins, with “fluted bodies” that are much thinner, won’t last as long).
- Maximum strength additives for resistance to UV, cold, heat and chemicals. (No corners cut).
- Solid steel galvanised wheel axle (2 wheel bins) with solid wheel tyres.
- Certified compliant with EU the noise protection Directive.
- 100% recyclable at end of life.
