

## 240ltr Wheelie Bin Tippler Specification Sheet

### Features

Our Small Wheelie Bin Handlers are designed to handle 80-240 litre wheelie bins with a free swinging lid and rear lifting handles. Operation can be carried out remotely without ever leaving the truck..

### Specifications

- Wheelie Bin Capacity:- 80 -240 ltr
- Lifting Capacity:- 200kg
- Load Centres:- 862 mm
- Weight:- 65kgs
- Minimum Truck Capacity:- 1.000kgs

### Operating Instructions

To fit to the truck, drive the forks into the fork pockets until fully engaged, wrap the 'Retaining Chain' around the carriage of the truck and hook back onto itself to prevent the attachment from sliding off the forks when in use.

Position the Ratchet onto the Cab of the truck and tighten the clamp until it is firmly gripped in place. Ensure the Ratchet Handle is on the outside of the cab.
